

Energy tour

Energy resting places south – Mureck

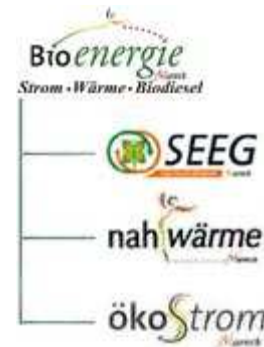

Visit with us the southern energy resting place of that altogether 13 energy resting places along the Energy Road.

At these places one thing is shown exemplarily, how energy can be generated from nature, without endangering thereby resources or the environment. The operators of these sites united to a working group ("ARGE Energy Road"). All together they want to emphasize interested people to use biomass (rape, wood chips) and waste materials and to make these technologies more understandable.

Mureck

Biological energy

- municipality of "Klimabündnis" (climate alliance)
- energy circle of Mureck
- SEEG: biodiesel out of rape seeds, wasted cooking oil and animal fat, 10 Mio. litres of biodiesel/year
- local heating Mureck: biomass heating plant with 2x2MW boiler, supply of 250 objects
- ecological power Mureck: ecological biogas-power plant, electric output 8.000 MWh/year, lost heat is supplied

Mureck

Street lighting

- municipality of "Klimabündnis" (climate alliance)
 - „Lichtpaket“ project partner
 - energy concept for communal street lighting
-

Excursion duration: app. 3 hours

Additional programme:

Meal in the shipmill Mureck: on request

Wine tasting: on request
